The total capital budget amounted to R87.089 million. The expenditure for the period is R25,371 million.

The following is highlighted with regards to the variances in Revenue:

Service Charges – Electricity Revenue: A positive variance of 19% which is due to the increase in tariffs and no loadshedding since 26 March 2024. Actual revenue trends and budgets will be reviewed in the mid-year review process and adjustments will be proposed in the February 2025 Adjustments budget.

Sale of Goods and Rendering of Services – A negative variance of 4% due to under collection of building plan fees and clearing of overgrown plots.

Interest from Current and Non-Current Assets: A positive YTD variance of 22% because of more cash being held on investments than anticipated during the budget coupled with better cash

management measures. An adjustment may be done to the budget after considering the mid-year financial results.

Rental from Fixed Assets: A positive YTD variance of 15% due to the over collection of rental of facilities. An adjustment to the YTD budget figures will be made during the February 2025 adjustment budget process.

Licences and permits: A negative YTD variance of 87% representing approximately R14 000. The variance is due to the misalignment between the actual receipts and the budgetary predictions.

Exchange Revenue - Operational Revenue: A negative YTD variance of 32% due to under collection of Insurance claims revenue and development charges.

Property Rates: A positive YTD variance of 7% due to more ratepayers that chose to be charged annual rates that was not anticipated in the budget. A correction will be considered as revenue trends will be review in the mid-year review process and adjustments will be proposed in the February 2025 Adjustments budget.

Transfers and Subsidies - Operational: A positive YTD variance of 6% due to the misalignment between the actual expenditure and the budgetary predictions and housing income that has not yet been recognized. Grant revenue is recognised after the expenditure is paid. All National allocations were received in accordance with the disbursement schedule.

Non-Exchange Revenue - Operational Revenue: A positive YTD variance of 4% due to overcollection of availability fees on waste management.
